

Chest of Drawers Project

Help us fill a chest of drawers with useful items for clients in need. Our focus is on refugee children who lived in refugee camps and were forced to flee their home country to be safe in America.

Refugees are individuals or families that flee their homes, businesses, and communities in order to escape war, persecution or death.

To help refugee families or children adjust to their new life we ask that you help this project by:

1. Find a chest of drawers that is in good working condition to donate.
2. Clean up the chest of drawers and make any needed repairs. You may also want to paint them a cheerful color!
3. Fill the drawers with useful items for a refugee child.
Sample items include; school clothes for either a boy or a girl, coats, pajamas, under garments, toys, toothbrushes, books, etc.
4. Send an email to donations@ccatlanta.org to arrange a drop off time..
